About FIRSTALPHA

FIRSTALPHA is the creation of [Richard Parsons](#), a resident of South Wiltshire in the United Kingdom. He began his Internet adventure in January 1999 with the registration of [firstalpha.co.uk](#) as an online destination for his business.

Richard first became a [GoDaddy.com](#) customer in July 2001, at about the time when the GoDaddy business was [beginning to become profitable](#) following the investment of about \$20 million. In April 2006, **FIRSTALPHA** affiliated with the GoDaddy.com group of companies by acquiring a [Wild West Domains® Super Reseller account](#).

This webpage is the latest [iteration](#) of the standard Super Reseller homepage, suitably modified and hosted on the [SSL secured webspace](#) provided with the reseller plan.

On 13-Jan-2017, the US Dollar (USD) traded to a low of \$1.2121 to the Great British Pong (GBP). Visit [here](#) for a [current mid-market spot forex £/\\$ exchange rate](#).

Richard has been a subscriber to the digital version of [Website Magazine](#) for several years and will recommend this publication to those wishing to enhance their understanding of Web Development and Search Engine Optimisation (SEO). [Network with Richard: ICT Consult...](#)
