

# The Anatomy of a Binary Options Trade by Richard Parsons

Binary Ascend deliver a 30min buy signal at 17:44... I wait 5 mins and initiate a 21min call option...

Contract ID	Side	Instrument	Contract Amount	Duration	Price Condition	Payout Condition
1152321450080000	CALL ↑	EUR/USD	40.00 USD / 28.00 USD	21 min	BID 1.11979	BID 1.11996 1.7 pips

My 21min call option goes negative... (learn some tips and tricks at [www.traderlogic.com](http://www.traderlogic.com))

The 30min Binary Ascend buy signal ends out of the money... my 21min call option is a winner...!!

[www.dukascopy.com/fxcomm/binary/?action=profile&nickname=rchrd](http://www.dukascopy.com/fxcomm/binary/?action=profile&nickname=rchrd) confirms the result...

Binary Ascend deliver another 'Aggressive' 30min buy signal at 18:16... and this one is a winner...!!
